

Rainout Policy

In the event of a complete rainout, the rules are as follows:

1

On the day of the event, if any cars, regardless of class make any passes and the event is rained out, only the cars that have shown up and turned in a tech card are eligible for the rainout makeup race, if rescheduled.

There is also the option of reimbursement if they cannot make the reschedule date.

2

On the day of the event, if there is a complete rainout and no cars make a pass, that race will be rescheduled if possible. Reimbursements or rainchecks will be issued to those who have paid. If the event is rescheduled, any and all cars are eligible regardless of showing up at the original event or not.
